ABOUT ME

Hello, my name is Ms. Terry! I have worked in early childhood education for over 24 years from infants to Pre-K and it is my passion to teach young children!

I am excited to be in the Texas Rising Star and Texas School Ready Programs. It has taught me many new teaching techniques to help your child reach kindergarten readiness by focusing on cognitive, developmental, and social-emotional skills, along with the CIRCLE Progress Monitoring System, which allows me to access children's particular skill level in different areas and focus on lessons that target the student's least developed skill areas.

I consider it a privilege to have the opportunity to work with your child and family. I look forward to seeing old friends and meeting new ones!

My Promise to You.

I promise you every day your child will learn something.

Some days they will bring it home in their hands,
Some days they will bring it home in their heads,
And some days they will bring it home in their hearts.

Thank you for supporting your child and my class as we strive for a great school year!
